**** DIGITALLY ENHANCED is defined as any manipulation (other than simple cropping, lightening or darkening) done on a computer with software like "Photo Shop" to modify the original picture. If you want to get really creative great, but please enter those pictures in this special category. Give the point & shoot people a chance. Remember this is an amateur contest**

Also it is recommended that pictures be professionally printed. In the last few years we have seen a lot of great "Kodak Moment" pictures that really lost all of their "WOW" factor because of the poor quality paper and/or poor quality printers they were printed on.

Maximum of TWO photos per category

Please remember to print Name, Address, Phone Number and Category on EACH entry.

Make all checks payable to: Geauga County Maple Festival.
